

Environmental Specialist

Cardinal Energy has a full time, permanent opportunity for an Environmental Specialist, working to assist in the execution of remediation and reclamation programs in Cardinal's northern properties. The ideal candidate would possess an intermediate to senior level skill set, with a strong focus on remediation and reclamation, as well as working within and around watercourses. A strong familiarity with upstream oil and gas operations is a firm requirement, as is membership in good standing with any of the seven regulated disciplines listed in AEP's 2007 joint practice standard for reclamation certificate sign off.

This position will be a mixture of direct, field level ownership of projects, as well as management of an environmental portfolio consisting of reclamation and remediation projects. The successful candidate will have a background in both project management and field level coordination. The candidate will ideally be based within close proximity to Cardinal's northern properties (Swan Hills, Slave Lake) and report directly to the Calgary based Environmental Coordinator.

Key Responsibilities

- Conducting field level environmental evaluations
- Supervision of third party personnel and equipment
- Various annual regulatory reporting
- Liaise with a variety of stakeholder groups
- Provide operational support in the form of environmental technical expertise
- Provide regulatory support as applicable
- Proactively manage risk and budget as they pertain to environmental projects

Preferred Experience and Skills

- A minimum of seven to ten years of experience working within the environmental sector on resource development projects
- Oil and gas experience
- Strong computer software skills
- Excellent working knowledge of the presiding environmental legislation in Alberta, particularly within the Green Zone.

- Strong background of project coordination and execution
- Professional designation (AIA, ASET, APEGA, P,Bio, etc).
- Technical diploma/Applied degree/BSc/MSc
- QAES or QWAP designation would be considered an asset
