VOTING MATTERS

Solicitation of Proxies

This information circular - proxy statement is furnished in connection with the solicitation of proxies for use at the annual and special meeting of our shareholders to be held on Thursday, May 17, 2018 in Room 1, Millennium Tower, 440 – 2nd Avenue S.W., Calgary, Alberta at 10:00 a.m. (Calgary time) and any adjournment thereof.

If you are unable to attend the meeting in person, we request that you date and sign the enclosed form of proxy and deposit it with Computershare Trust Company of Canada Proxy Dept., 100 University Avenue, 8th Floor, Toronto, Ontario, M5J 2Y1, or by facsimile at 1-866-249-7775, so that it is received no later than 48 hours (excluding Saturdays, Sundays and holidays) prior to the time of the Meeting or any adjournment thereof. Registered shareholders may also use the internet site at www.investorvote.com to transmit their voting instructions or vote by phone at 1-866-732-VOTE (8683) (toll free within North America), or 1-312-588-4290 (outside North America). A vote submitted via the internet must be received at least 24 hours prior to the time of the meeting or any adjournment thereof. The website may also be used to appoint a proxy holder to attend and vote at the meeting on the shareholder's behalf and to convey a shareholder's voting instructions. Shareholders can also appoint a proxy holder to attend and vote at the meeting on the shareholder's behalf and to convey a shareholder's voting instructions. Solicitation of proxies will be primarily by mail, but some proxies may be solicited personally or by telephone, facsimile transmission or other electronic means by our officers, directors or employees at a nominal cost. The cost of solicitation will be borne by us.

Only shareholders of record at the close of business on April 6, 2018, will be entitled to vote at the meeting, unless that shareholder has transferred any shares subsequent to that date and the transferee shareholder, not later than 10 days before the meeting, establishes ownership of the shares and demands that the transferee's name be included on the list of shareholders entitled to vote at the meeting.

The instrument appointing a proxy must be in writing and must be executed by you or your attorney authorized in writing or, if you are a corporation, under your corporate seal or by a duly authorized officer or attorney of the corporation.

The persons named in the enclosed instrument of proxy are our officers. As a shareholder you have the right to appoint a person or company, who need not be a shareholder, to represent you at the meeting. To exercise this right you should insert the name of the desired representative in the blank space provided in the instrument of proxy and strike out the other name.

Advice to Beneficial Holders of Common Shares

The information set forth in this section is of significant importance to you if you do not hold your common shares in your own name. Only proxies deposited by shareholders whose names appear on our records as the registered holders of common shares can be recognized and acted upon at the meeting. If your common shares are listed in your account statement provided by your broker, then, in almost all cases, those common shares will not be registered in your name on our records. Such common shares will likely be registered under the name of your broker or an agent of that broker. In Canada, the vast majority of such shares are registered under the name of CDS & Co., the registration name for The CDS Clearing and Depository Services Inc., which acts as nominee for many Canadian brokerage firms. Common shares held by your broker or their nominee can only be voted upon your instructions. Without specific instructions, your broker or their nominee is prohibited from voting your shares.

Applicable regulatory policy requires your broker to seek voting instructions from you in advance of the meeting. Every broker has its own mailing procedures and provides its own return instructions, which you should carefully follow in order to ensure that your shares are voted at the meeting. Often, the form of proxy supplied by your broker is identical to the form of proxy provided to registered shareholders. However, its purpose is limited to instructing the registered shareholder how to vote on your behalf. The majority of brokers now delegate responsibility for obtaining instructions from clients to a mailing/tabulating agent who mails a scannable voting instruction form in lieu of the form of proxy. You are asked to complete and return the voting instruction form to them by mail or facsimile. Alternatively, you can use their website or call their toll-free telephone number to instruct them how to vote your shares. They then tabulate the results of all instructions received and provide appropriate instructions respecting the voting of shares to be represented at the meeting. If you receive a voting instruction form from a mailing/tabulating agent, it cannot be used as a proxy to vote shares directly at the meeting as it must be returned to the mailing/tabulating agent well in advance of the meeting in order to have the shares voted.

Revocability of Proxy

You may revoke your proxy at any time prior to a vote. If you, or the person you give your proxy, attend personally at the meeting, you or such person may revoke the proxy and vote in person. In addition to revocation in any other manner permitted by law, a proxy may be revoked by an instrument in writing executed by you or your attorney authorized in writing or, if you are a corporation, under your corporate seal or by a duly authorized officer or attorney of the corporation. To be effective the instrument in writing must be deposited either at our head office, at any time up to and including the last business day preceding the day of the meeting, or any adjournment thereof, at which the proxy is to be used, or with the chairman of the meeting on the day of the meeting, or any adjournment thereof.

Persons Making the Solicitation

This solicitation is made on behalf of our management. We will bear the costs incurred in the preparation and mailing of the form of proxy, notice of annual and special meeting and this information circular – proxy statement. In addition to mailing forms of proxy, proxies may be solicited by personal interviews, or by other means of communication, by our directors, officers and employees who will not be remunerated therefor.

Exercise of Discretion By Proxy

The common shares represented by proxy in favour of management nominees will be voted or withheld from voting on any poll at the meeting. Where you specify a choice with respect to any matter to be acted upon, the shares will be voted on any poll in accordance with the specification so made. **If you do not provide instructions, your shares will be voted in favour of the matters to be acted upon as set out herein.** The persons appointed under the form of proxy, which we have furnished, are conferred with discretionary authority with respect to amendments or variations of those matters specified in the form of proxy and notice of annual and special meeting and with respect to any other matters which may properly be brought before the meeting or any adjournment thereof. At the time of printing this information circular – proxy statement, we know of no such amendment, variation or other matter.

Notice-and-Access

We have elected to use the "notice-and-access" provisions under National Instrument 54-101 *Communications with Beneficial Owners of Securities of a Reporting Issuer* for the meeting in respect of the mailing of our meeting materials, annual financial statements and management's discussion and analysis to the non-registered holders of our common shares but not to the registered holders of our common shares. The notice-and-access provisions are a set of rules developed by the Canadian Securities Administrators that reduce the volume of materials that must be physically mailed to shareholders by allowing a reporting issuer to post its meeting materials and information circular and related materials online.

We have also elected to use procedures known as "stratification" in relation to our use of the notice-and-access provisions. Stratification occurs when we, while using the notice-and-access provisions, provide a paper copy of our notice of meeting and information circular and, if applicable, a paper copy of our financial statements and related management's discussion and analysis, to some but not all of our shareholders. In relation to the meeting, our registered shareholders will receive a paper copy of the notice of meeting, this information circular, a form of proxy and our financial statements and related management's discussion and analysis whereas non-registered holders of our common shares will receive a notice-and-access notification and a voting instruction form. In addition, a paper copy of the notice of meeting, this information circular, a form of proxy and our financial statements and related management's discussion and analysis will be mailed to those shareholders who do not hold their common shares in their own name but who have previously requested to receive paper copies of these materials.

We will be delivering proxy-related materials to non-objecting beneficial owners of our common shares directly with the assistance of Broadridge Investor Communications Solutions. We intend to pay for intermediaries to deliver proxy-related materials to objecting beneficial owners of our common shares.

Voting Shares and Principal Holders Thereof

We are authorized to issue an unlimited number of common shares and an unlimited number of preferred shares, without nominal or par value. As at March 27, 2018 there were 113,985,058 common shares and no preferred shares issued and outstanding. As a holder of common shares you are entitled to one vote for each common share you own.

To the knowledge of our directors and officers, as at March 27, 2018 no person or company beneficially owned, or controlled or directed, directly or indirectly, more than 10% of our common shares.

MATTERS TO BE ACTED UPON AT THE MEETING

Fixing the Number of Directors

We currently have six directors.

Mr. James Smith is retiring from our board and will not be seeking re-election at the meeting. Accordingly, unless otherwise directed, it is the intention of management to vote proxies in the accompanying form in favour of fixing the number of directors to be elected at the meeting at five.

Election of Directors

Management is soliciting proxies, in the accompanying form of proxy, for an ordinary resolution in favour of the election as directors of the five nominees set forth below:

M. Scott Ratushny
John A. Brussa
David D. Johnson
Stephanie Sterling
Gregory T. Tisdale

Each director so elected will hold office until the next annual meeting of our shareholders or until his or her successor is duly elected or appointed, unless his or her office is earlier vacated in accordance with our articles or by-laws.

Voting for Election of Directors

Voting for the election of directors will be conducted on an individual, and not a slate, basis. The individual voting results will be published by news release and on www.sedar.com after the meeting. The individual voting results will be reviewed by our Corporate Governance & Compensation Committee and will be considered as part of the committee's overall review and assessment of the nominees recommended to shareholders at our next annual meeting of shareholders.

Our board of directors has also adopted a majority voting policy, which provides that if a nominee for election as a director receives a greater number of votes "withheld" than votes "for" at a meeting of our shareholders, such nominee will offer his or her resignation as a director to our board of directors promptly following the meeting of shareholders at which the director was elected.

In most cases, our board will accept the offer of resignation. The Corporate Governance & Compensation Committee can, however, recommend retaining the director when there are extenuating circumstances. The committee will consider all relevant factors, including why shareholders withheld votes, the director's length of service, qualifications and contributions to us, share ownership, the current mix of skills and attributes of the directors on our board; the impact with respect to covenants in our agreements or plans, if any; and legal requirements, policies or guidelines (regulatory, securities or corporate laws, or stock exchange rules) for director numbers and qualifications. In any case, the board will disclose its decision, including an explanation of the process by which the decision was reached and, if applicable, the reasons for rejecting the tendered resignation, in a press release within 90 days of the meeting. The nominee will not participate in any committee or board deliberations on the resignation offer. The policy does not apply in circumstances involving contested director elections.

Management recommends that shareholders vote FOR the election of each of these nominees. The persons named in the enclosed form of proxy intend to vote FOR the election of each of these nominees unless the shareholder specifies authority to do so is withheld.

Management does not contemplate that any of such nominees will be unable to serve as a director. However, if for any reason any of the proposed nominees do not stand for election or are unable to serve as such, the management designees, if named as proxy, reserve the right to vote for any other nominee in their sole discretion unless the shareholder has specified in his or her proxy that his or her common shares are to be withheld from voting on the election of directors. Each director so elected will hold office until the next annual meeting of our shareholders or until his or her successor is duly elected or appointed, unless his or her office is earlier vacated in accordance with our articles or by-laws.

Proposed Directors

For each person proposed to be nominated for election as a director, the following table sets forth their name, place of residence, age (at December 31, 2017), the year in which they became a director, a brief biography, their membership on committees of our board, their attendance at board and committee meetings during 2017, the common shares and other securities beneficially owned, controlled or directed (directly or indirectly) held by them and the votes for and withheld for their election at the last annual meeting of shareholders, as applicable. This information is based partly on our records and partly on information received by us from the nominees.

Advisory Vote on Executive Compensation

The underlying principle for executive compensation throughout our company is "pay-for-performance". We believe that this philosophy achieves the goal of attracting and retaining excellent employees and executive officers, while rewarding the demonstrated behaviors that reinforce our values and help us to deliver on our corporate objectives.

Our board believes that shareholders should have the opportunity to fully understand the objectives, philosophy and principles that guide the executive compensation-related decisions made by our Compensation Committee. Shareholders are encouraged to review the "*Executive Compensation*" section of this information circular – proxy statement, which discusses our compensation philosophy and approach to executive compensation, what our named executive officers are paid, and how their respective levels of compensation are determined.

As part of our ongoing commitment to corporate governance, our board of directors has approved a non-binding advisory vote on executive compensation at the meeting with the intention that this shareholder advisory vote will form an integral part of our ongoing process of engagement between our

shareholders and our board of directors relating to executive compensation. We will disclose the results of the shareholder advisory vote as a part of our report on voting results for the meeting.

As this is an advisory vote, the results will not be binding upon our board of directors. Our board, and specifically the Corporate Governance & Compensation Committee, will not be obligated to take any compensation actions, or make any adjustments to executive compensation programs or plans, as a result of the vote. However, the Corporate Governance & Compensation Committee and our board of directors will take into account the results of the vote, together with feedback received from our shareholders, in considering our approach to compensation in the future.

In the event that the advisory resolution is not approved by a majority of the votes cast at the meeting or there is a significant vote against the resolution, our board of directors will consult with shareholders (particularly those who are known to have voted against) to understand their concerns and will review our approach to compensation in the context of those concerns. Results from this review, if necessary, will be discussed in our information circular - proxy statement for the annual meeting of shareholders to be held in 2019. Shareholders may contact our Corporate Secretary by mail at our head office at Suite 600, 400 – 3 Avenue S.W., Calgary, Alberta T2P 4H2, if they wish to share their views on executive compensation with our board of directors.

At the meeting, shareholders will be asked to vote on the following resolution:

"BE IT RESOLVED, on an advisory basis and not to diminish the role and responsibilities of the board of directors of Cardinal Energy Ltd. (the "**Corporation**"), that the shareholders accept the approach to executive compensation disclosed in the information circular - proxy statement of the Corporation dated March 28, 2018."

Our board of directors recommends that shareholders vote FOR the non-binding advisory resolution regarding our approach to executive compensation.

Approval of an Amendment to our Restricted Bonus Award Incentive Plan

Our restricted bonus award incentive plan is a full-value award plan pursuant to which time-based awards may be granted to our directors, officers, employees and other service providers. For a complete description of our award plan, see "*Executive Compensation – Incentive Plan Awards*" below. Our board has approved an amendment to our bonus award incentive plan to increase the limit on the value of all awards granted to any non-management director during a calendar year, as calculated on the date of grant, from \$125,000 to \$150,000 which is in accordance with recent Canadian corporate governance policy updates. Our board has also approved some housekeeping amendments to the plan that do not

require shareholder approval.

Form of Resolution and Approval Requirement

At the meeting, shareholders will be asked to consider and, if thought fit, to pass an ordinary resolution in the form set forth below:

"BE IT RESOLVED as an ordinary resolution of the shareholders of Cardinal Energy Ltd. (the "**Corporation**") that:

1. The amendments to the Corporation's Restricted Bonus Award Incentive Plan (the "**Plan**") to increase the limit on the value of all awards granted to any non-management director during a calendar year, as calculated on the date of grant, from \$125,000 to \$150,000 (the "**Amendment**") be approved;
2. Any director or officer of the Corporation be and is hereby authorized and directed to make such other consequential amendments to the Plan as may be required to give full effect to the Amendment; and
3. Any director or officer of the Corporation is authorized and directed to do all such things and execute all such documents and instruments as may be necessary or desirable to give effect to the foregoing resolution."

In order to be passed, the above ordinary resolution must be approved by a majority of the aggregate votes cast by shareholders at the meeting. **It is the intention of the persons named in the enclosed form of proxy, if named as proxy and not expressly directed to the contrary in the form of proxy, to vote those proxies FOR the above resolution.**

DIRECTORS' COMPENSATION

Director Compensation

Our board of directors, through the corporate governance & compensation committee, is responsible for the development and implementation of a compensation plan for our directors who are not also officers. We do not pay any compensation to officers for acting as a director. For information concerning the compensation paid to Mr. Ratushny who is also our Chairman, President and Chief Executive Officer, see "*Executive Compensation*".

The main objectives of our compensation plan for directors are to attract and retain the services of the most qualified individuals and to compensate the directors in a manner that is commensurate with the risks and responsibilities assumed in board and committee membership and at a level that is similar to the compensation paid to directors of a peer group of oil and gas companies. In addition, our philosophy of using compensation to foster a culture of ownership also extends to our director compensation

policies. Our board of directors believes it is important that directors demonstrate their commitment to our stewardship through share ownership.

We pay an annual fee of \$36,000 to our outside directors. In addition, during 2017 we granted bonus awards with an award value of \$100,000 to each outside director. Directors are also reimbursed for miscellaneous out-of-pocket expenses in carrying out their duties as directors.

When determining the value of long-term incentives to be granted to directors, consideration is given to incentives previously granted to the directors. For information regarding our incentive plans, see "Executive Compensation – Incentive Plan Awards".

Directors' Summary Compensation Table

The following table sets forth for the year ended December 31, 2017, information concerning the compensation paid to our outside directors.

The weighted average market price of our common shares used to value the bonus awards granted was \$10.50 for Mr. Brussa, Mr. Johnson, Mr. Smith and Mr. Tisdale. Ms. Sterling joined our board in August of 2017 and the weighted average market price of our common shares at that time was \$3.98.
- (3) Mr. Brussa is Chairman of the law firm Burnet, Duckworth & Palmer LLP, which also receives fees for the provision of legal services to us.
- (4) Ms. Sterling joined our board in August of 2017.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

We have developed an executive compensation strategy built on offering a competitive compensation package, which is oriented toward developing a culture of ownership by providing long-term equity-based incentives. As a result, the awarding of bonus awards is a significant component of our executive compensation. This approach is based on the assumption that our share price performance over the long-term is an important indicator of long-term performance.

Our compensation philosophy is based on the following fundamental principles:

- our compensation programs must be aligned with shareholder interests by aligning the goals of executives with maximizing long-term shareholder value;
- our compensation to NEOs must be performance sensitive by linking compensation to our operating and market performance; and
- our compensation programs must be market competitive in terms of value and structure in order to retain existing employees who are performing according to their objectives and to attract new individuals of the highest calibre.

The objectives of our executive compensation program were developed based on the above-mentioned compensation philosophy as follows:

- to attract and retain a high quality management and employee team and to motivate performance by aligning a significant portion of the compensation to enhancement in share value and to encourage all employees to become significant shareholders;
- to evaluate executive performance on the basis of key measurements that correlate to long-term shareholder value; and
- to tie compensation directly to those measurements and rewards based on achieving and exceeding predetermined objectives.

Compensation Governance

Our Corporate Governance & Compensation Committee assists our board of directors in fulfilling its responsibilities by monitoring our compensation plans and practices and ensuring their congruence with our objectives and goals by assessing and making recommendations regarding compensation, benefits, short and long-term incentive programs and employee retention.

Our Corporate Governance & Compensation Committee is currently composed of Messrs. Brussa (Chair), Johnson, Smith and Tisdale. All of the members of our Corporate Governance & Compensation Committee are independent directors. A summary of the mandate of the Corporate Governance & Compensation Committee is set forth under "*Corporate Governance Disclosure*" and a copy of the mandate is available on our website at www.cardinalenergy.ca. All of our Corporate Governance & Compensation Committee members have served as a senior executive officer and/or director of numerous organizations and have direct experience in executive and corporate compensation programs. See each member's biography found under "*Election of Directors*" above other than Mr. Smith who is retiring from our board.

Compensation Risks

In establishing our executive compensation program the Corporate Governance & Compensation Committee also considers the implication of the risks associated with our compensation program, including:

- the risk of executives taking inappropriate or excessive risks;
- the risk of inappropriate focus on achieving short term goals at the expense of long term return to shareholders;
- the risk of encouraging aggressive accounting practises; and
- the risk of excessive focus on financial returns and operational goals at the expense of regulatory, environmental and health and safety.

While no program can fully mitigate these risks we believe that many of these risks are mitigated by:

- weighting our long term incentives towards share ownership and vesting our long term incentives over a number of years;
- establishing a uniform incentive program for all executive officers and employees;
- avoiding narrowly focused performance goals which may encourage loss of focus on providing long term shareholder return and retaining adequate discretion to insure that our corporate governance & compensation committee and board retain their business judgment in assessing actual performance; and
- establishing a strong "tone at the top" for accounting, regulatory, environmental and health and safety compliance.

Incentive Plan Design

The ability of our Corporate Governance & Compensation Committee to consider factors such as personal contributions to corporate performance and non-financial, non-production or non-reserves based elements of corporate performance allows the Corporate Governance & Compensation Committee to consider whether executive officers have attempted to bolster short-term results at the expense of our long term success in determining executive compensation. In addition, as our compensation program consists of fixed (base salary) and variable (annual bonuses and long term incentive plan grants), the incentive for short term risk taking is balanced with the incentive to focus on generating long-term sustainable value for shareholders. Bonus awards which make up a significant portion of an executive officer's total compensation, vest over a period of time, which acts to further mitigate against the potential and inappropriate short-term risk taking. There are no compensation policies and practices that are structured significantly different for any named executive officers. Our Corporate Governance & Compensation Committee and board of directors will continue to monitor compensation risk assessment practices on an ongoing basis to ensure that our compensation program is appropriately structured. In 2018, we amended our grant methodology so that a net asset value approach using our total proved reserves will be used in valuing the number of bonus awards to be granted annually to our directors, officers and employees. We believe that this approach is non-dilutive, and aligns all stakeholders' interests.

Short Selling Restrictions

Our directors, officers and employees are prohibited from knowingly selling, directly or indirectly, a common share or other of our securities if such person selling such security does not own or has not fully paid for the security to be sold. Directors, officers and employees shall not, directly or indirectly, buy or sell a call or put in respect of a common share or other security. Notwithstanding these prohibitions, directors, officers and employees are permitted to sell through our compensation agent provided that such person holds stock options or other compensation related rights to acquire an equivalent number of common shares and such director, officer or employee has provided a notice of exercise for such stock option or other right to our compensation agent in order to facilitate the ordinary settlement of such options or rights.

Share Ownership Requirements

Our executive officers are required to maintain a significant equity investment in us to align their interests with those of our shareholders and mitigate against the likelihood of undue risk taking. Our share ownership guidelines establish minimum share ownership levels for executives. See "*Ownership Guidelines*".

Identification of Named Executive Officers

We are required to disclose the compensation paid to our Chief Executive Officer, any person who acted as our Chief Financial Officer during the year, and each of our three other most highly compensated persons who were executive officers at the end of our most recently completed financial year whose total annual compensation was more than \$150,000. In addition, we are required to disclose the compensation paid to any executive officers who would have been one of our three other most highly compensated executive officers except that they were not serving as executive officers of us at the end of the year.

For the year ended December 31, 2017 our named executive officers ("**NEOs**"), were Mr. M. Scott Ratushny, our Chairman and President and Chief Executive Officer, Mr. Dale Orton, our Chief Operating Officer, Mr. Robert Wollmann, our Senior Vice-President, Exploration and Ms. Connie Shevkenek, our Vice President, Engineering. Mr. Shane Peet, our former President and Mr. Tim Hyde, our former Vice President, Exploration left Cardinal in November 2017 and Mr. Ratushny resumed the position of President, a position which he previously held until May 2015. In January 2018, Mr. Douglas Smith retired from his position as Chief Financial Officer. As a result, our NEOs for 2017 include Messrs. Peet, Smith and Hyde.

Compensation Review Process

Our Chief Executive Officer presents recommendations to the Corporate Governance & Compensation Committee regarding salary adjustments and bonuses for all of our staff, including the NEOs. The focus of the discussion is on the individual executive salaries, bonuses and long-term incentive awards with a review of the aggregate level of salary, bonuses and long-term incentive awards for the balance of the staff. The Corporate Governance & Compensation Committee makes specific recommendations to our board on our Chief Executive Officer's salary, bonus payments and long-term incentive awards. The Corporate Governance & Compensation Committee also recommends the salaries, bonus and long-term incentive award payments of all other officers.

Neither our board nor the Corporate Governance & Compensation Committee engaged a compensation consultant or advisor to assist with determining the compensation of our directors or officers for 2017. Late in 2017, we engaged Mercer Human Resources Consulting ("**Mercer**") (an independent compensation consultant), to provide us with market compensation information for a selected group of peer companies using their standard valuation methodologies to assist us in our 2018 compensation analysis.

Our board reviews all recommendations of the Corporate Governance & Compensation Committee before final approval. Any director who is also an officer is excused from the directors' meeting during any discussion of their compensation.

Performance

In establishing overall compensation levels, our Corporate Governance & Compensation Committee uses current levels of compensation as the starting point. Our President and Chief Executive Officer together with our Corporate Governance & Compensation Committee then consider overall corporate and individual performance relative to our peer group. In addition, the Corporate Governance & Compensation Committee considers the development and execution of our business strategy and other subjective elements together with total shareholder returns and the competitive environment.

Our Corporate Governance & Compensation Committee then assesses the individual performance of the President and Chief Executive Officer and each of our other officers. Our President and Chief Executive Officer assists the Corporate Governance & Compensation Committee with the performance assessment of the other officers.

Competitive Factors

For us to attract and retain qualified and experienced officers and employees, our total compensation package must be competitive with other participants in the Canadian oil and gas industry. As part of the comparative compensation analysis, the Corporate Governance & Compensation Committee was provided with (i) select Mercer market compensation information; and (ii) a summary (based on publicly available information) of the compensation paid to officers of an industry-specific peer group prepared by our President and Chief Executive Officer at the direction of the Corporate Governance & Compensation Committee.

For compensation purposes, our peer group for 2017 was:

Whitecap Resources Inc.	TORC Oil & Gas Ltd.
Northern Blizzard Resources Inc.	Surge Energy Inc.
Bonterra Energy Corp.	Enerplus Corporation
Pengrowth Energy Corporation	Spartan Energy Corp.
Raging River Exploration Inc.	Kelt Exploration Ltd.
Crew Energy Inc.	Baytex Energy Corp.

The purpose of reviewing the Mercer and peer company data was to:

- understand the competitiveness of current pay and bonus levels for each executive position relative to companies of similar size and/or strategy;
- identify and understand any gaps that may exist between actual compensation levels and market compensation levels; and
- establish a basis for developing salary adjustments and short and long term incentive awards.

Components of Compensation Plan

Our executive compensation consists of essentially four components: (1) base salary; (2) bonuses; (3) long-term incentive compensation; and (4) other benefits.

In establishing the compensation program, we believe that:

- (a) base salaries provide an immediate cash incentive and should provide a base of secure compensation necessary to attract and retain executive talent;
- (b) a bonus which depends on our success and the respective employee's contribution to achieving these goals motivates immediate employee performance; and
- (c) bonus awards ensure that employees are motivated to achieve our long term growth and continuing increases in shareholder value and provide capital accumulation linked directly to our performance.

A significant percentage of each of our executive's total compensation is comprised of variable pay and long term incentives which are directly linked to corporate and individual performance. The salary component provides a base of secure compensation necessary to attract and retain executive talent.

The bonus and long-term incentives are designed to balance short-term performance with our long-term interests and motivate the superior performance of both. The long-term incentive plan also aligns NEOs with shareholders and helps retain executive talent. In line with our overall compensation philosophy that promotes ownership among our executives, a higher proportion of our NEO total compensation is tied to our long-term performance.

Base Salaries

Base salaries are an important component of the overall compensation package for officers as they are usually the largest portion of annual cash compensation. Historically, base salaries paid to our executive officers, have been in the low-range of the salaries paid to executive officers in our peer group. Our Corporate Governance & Compensation Committee believes that our long-term incentives are an important element in the compensation package for our executive officers, and that long-term incentives, such as bonus awards compensate for lower base salaries.

The base salaries of our named executive officers are reviewed annually to ensure they reflect a balance of market conditions, the levels of responsibility and accountability of each role, the skill and competencies of the individual, retention considerations as well as the level of demonstrated performance.

Base salaries of the named executive officers are set by our board on the basis of the applicable executive officer's responsibilities, experience and past performance. This is measured against the Corporate Governance & Compensation Committee's assessment of the amounts paid by companies in our peer group to persons performing similar duties. In making such an assessment, our board considers

our business plan and the performance of executive officers and employees in executing the plan in combination with the overall result of the activities undertaken.

Cash Bonuses

Our Corporate Governance & Compensation Committee recommends to the board an annual bonus amount for all employees and specific bonus amounts for our executive officers. The total amount of the annual bonus pool is approved by our board and is based on our performance, current market conditions and other factors considered relevant by our board.

Bonuses are intended to reward performance by our executive officers in the achievement of our strategic goals and objectives our general performance and each officer's contribution to such performance and are consistent with our compensation philosophy where a significant component of executive compensation is variable.

An annual bonus may be paid based on the Corporate Governance & Compensation Committee's subjective assessment of our general performance and each officer's contribution to such performance.

Our Corporate Governance & Compensation Committee recommends to the board an annual bonus amount for employees and specific bonus amounts for officers (including NEOs). The final determination of the annual bonus is not currently based on a prescriptive performance based formula. Instead bonuses are considered in light of corporate performance metrics such as operational execution, production, reserves and funds flow, current market conditions, shareholder return and other factors considered relevant. The success of each NEO in achieving their individual goals and objectives are also considered when determining bonus payouts. Our Corporate Governance & Compensation Committee is developing a more formalistic approach for bonuses based of pre-defined performance metrics and weighting for grants going forward.

Long-term Incentives

Our only current long-term incentive plan is our restricted bonus award incentive plan. We previously had a stock option plan in place but have not made any grants to NEO's under our stock option plan since November of 2012. See "*Incentive Plan Awards – Stock Option Plan*".

Our long-term incentive plan is designed to align the interests of our employees with shareholders by linking a component of compensation to the long-term performance of our common shares. Each bonus award entitles the holder to an amount computed by the value of a notional number of common shares designated in the award (plus dividend equivalents) on dates determined by our Corporate Governance & Compensation Committee. See "*Incentive Plan Awards – Restricted Bonus Award Incentive Plan*" below for a description of our restricted bonus award incentive plan.

Bonus awards may be granted pursuant to our restricted bonus award incentive plan by our board from time to time, at its sole discretion, to directors, officers and employees based upon their experience, expertise, contribution and potential to contribute to the creation of shareholder value and the degree to which their base salary may be lower than competitive market rates. Our Corporate Governance &

Compensation Committee is developing a more formalistic grant approach based of pre-defined performance metrics and weighting for grants going forward.

We consider the total targeted compensation (consisting of salaries, bonus and incentive awards) for our NEOs when approving our annual grants of bonus awards. Historically, in valuing the number of bonus awards to be granted we have used a five day volume weighted average trading price to value the bonus award. In 2018, we amended our methodology so that a net asset value approach using our total proved reserves will be used in valuing the number of bonus awards to be granted annually to our directors, officers and employees. We believe that this approach is non-dilutive, align our compensation to our share performance, reward better market performance and is punitive for under performance.

During the year ended December 31, 2017 we granted an aggregate of 723,138 bonus awards to our NEOs as follows:

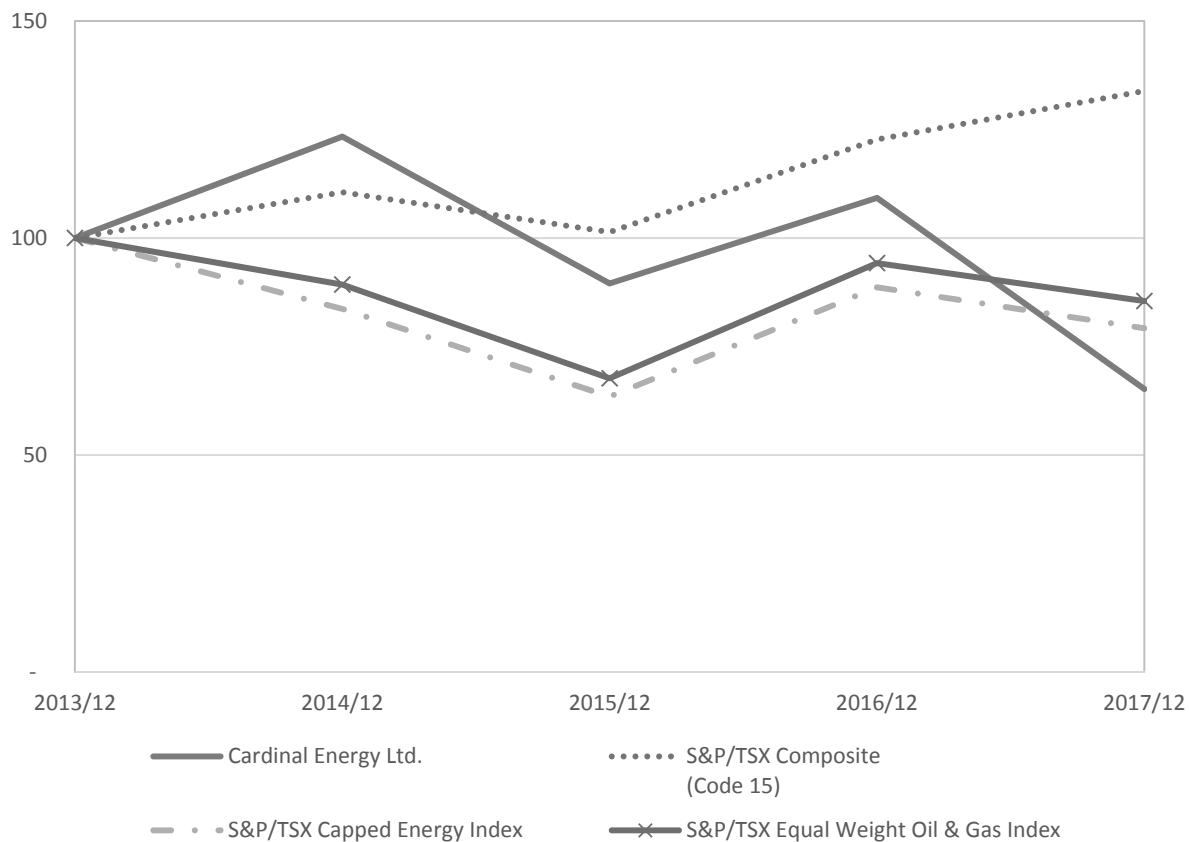

Name	Bonus Awards ⁽¹⁾ (#)
M. Scott Ratushny Chairman, President and Chief Executive Officer	114,285
Douglas Smith Former Chief Financial Officer	52,380
Dale Orton Chief Operating Officer	78,570
Robert Wollmann Senior Vice President, Exploration	330,000 ⁽²⁾
Connie Shevkenek Vice President, Engineering	31,713
Shane Peet Former President	79,047
Tim Hyde Former Vice President, Exploration	37,143

Note:

- (1) The bonus awards are settled as to one-third per year for a period of three years, the first settlement date will be on or about January 9, 2018.
- (2) Mr. Wollmann joined us in November of 2017 and this grant was the initial grant of bonus awards to Mr. Wollmann which will vest over three years.

Performance Graph

The following graph compares on a yearly basis the cumulative total shareholders' return from December 31, 2013 to December 31, 2017 of \$100 invested in our common shares versus the total return of \$100 invested in the S&P/TSX Capped Energy Index, the S&P/TSX Composite Index and the S&P/TSX Equal Weight Oil & Gas Index with all dividends reinvested. The table and graph below only reflect four years of information as our common shares commenced trading on the TSX on December 17, 2013.

Index	December 31, 2013	December 31, 2014	December 31, 2015	December 31, 2016	December 31, 2017
Cardinal Common Shares	\$100	\$122	\$84	\$106	\$64
S&P/TSX Capped Energy Index	\$100	\$84	\$63	\$89	\$79
S&P/TSX Composite Index	\$100	\$111	\$101	\$123	\$134
S&P/TSX Equal Weight Oil & Gas Index	\$100	\$89	\$68	\$94	\$85

Our cumulative shareholder return performance reflects both operational and financial performance within our control as well as volatile commodity prices and economic and market conditions beyond our control with the impact of the sustained decline of world crude oil prices.

Incentive Plan Awards

Restricted Bonus Award Incentive Plan

The purpose of our award plan is to retain and attract qualified service providers and to promote a proprietary interest in us by issuing restricted bonus awards. This will provide an additional benefit for participants to contribute to our future success and prosperity. Bonus awards may be granted by our board from time to time, at its sole discretion, to directors and employees based upon their experience, expertise, contribution and potential to contribute to the creation of shareholder value and the degree to which their base salary may be lower than competitive market rates.

Limitations on Awards

The award plan contains the following restrictions: (i) the number of common shares that are available to be issued under our award plan is limited to 5% of our issued and outstanding common shares less the aggregate number of common shares reserved for issuance under our stock option plan; (ii) the number of common shares that are available to be issued to insiders within one year and issuable to insiders at any time, under the award plan or when combined with all of our other security based compensation arrangements, shall not exceed 5% of the common shares; (iii) the aggregate number of common shares that could be issued pursuant to bonus awards that have been granted to any single holder shall not exceed 1% of the common shares; and (iv) the participation of non-management directors in the award plan is limited to the lesser of: (A) 0.25% of the outstanding common shares; and (B) an annual equity award value of \$125,000 with the value of each award calculated at the time of grant. We are proposing to amend the plan to increase this amount from \$125,000 to \$150,000.

The number of common shares that are available to be issued in one year shall be determined on the basis of the number of common shares outstanding immediately prior to the common shares issuance, excluding any common shares issued pursuant to share compensation arrangements over the preceding one year period. Bonus awards may be granted in excess of the limits set forth in this paragraph provided that prior to the receipt of the requisite shareholder approval, as provided in the award plan, such incentive awards may not be paid until such approval has been received.

Payment Dates and Expiry

Payment arrangements shall be as follows unless otherwise directed by our board: (i) as to one third of the award value of such award, on the first anniversary of the date of grant of the award; (ii) as to one-third of the award value of such award, on the second anniversary of the date of grant of the award; and (iii) as to the remaining one-third of the award value of such award, on the third anniversary of the date of grant of the award. If the holder is on a leave of absence before any of the payment dates, such payment date(s) shall be extended by that portion of the duration of the leave of absence that is in excess of three months. In the event of a change of control (as defined below) the payment date for the award value of those incentive awards that have not yet been paid as of such time shall be the effective date of the change of control. Our board may, in its sole discretion, determine that an award is payable in relation to all or a percentage of the award value covered thereby for all or any awards at any time and from time to time.

The award plan provides that if a payment date occurs during a black-out period imposed pursuant to our black-out policies, such payment date shall be delayed to the date that is immediately following the last day of the black-out period if we choose to settle the award in common shares or to the date that is the sixth trading day following the end of the black-out period if we choose to settle the award in cash. However, in no instance can the payment date of an award be delayed past the expiry date of the award.

All bonus awards shall expire on December 15th of the third year following the year in which the bonus award was granted. Regardless of any other provision of the award plan (including extension of payment dates for black-out periods and leaves of absences), no payment date of any award may occur after the expiry date of such award, and in the event that a payment date would occur after the expiry date, the payment date in respect of such award shall be on the expiry date of such bonus award.

Dividend Adjustment and Anti-Dilution

Currently, immediately prior to each payment date, the notional number of common shares underlying an award shall be adjusted by multiplying such number by a ratio which shall be equal to 1 plus the amount rounded to the nearest five decimal places, equal to a fraction having as its numerator the arithmetic total of the dividends, expressed as an amount per common share, declared on each dividend record date following the issue date of the award and having as its denominator the 5 day weighted average trading price of the common shares for the 5 trading days immediately before the first business day of the calendar months in which the issue date occurs. If the holder has been on a leave of absence at any time since the date of grant, the notional number of common shares issuable will not be adjusted for any dividends paid during the period of such leave of absence. Our board of directors reserves the right to make any additional adjustments to the number of notional common shares to be issued pursuant to any award if, in the sole discretion of the board, such adjustments are appropriate in the circumstances having regard to the principal purposes of the award plan and the terms of the award.

Our board also has the election to cause to be paid out to a holder in cash, at any time and from time to time, any dividends that have been paid since the issue date of the award regardless of whether the award has vested.

The award plan also contains anti-dilution provisions which allow our board to make such adjustments to the award plan, to any awards and to any incentive award agreements outstanding under the award plan as our board may, in its sole discretion, consider appropriate in the circumstances to prevent dilution or enlargement of the rights granted to service providers thereunder.

Settlement of Awards

On a payment date we, in our sole and absolute discretion, shall have the option of settling the award value payable in respect of an award by: (i) payment in cash; (ii) payment in common shares acquired by us on the TSX; (iii) payment in common shares issued from treasury; or (iv) a combination of the above. We will not determine what form the payment method will be until the payment date or some reasonable time prior to the payment date. No holder of a bonus award has the right, at any time, to demand the form of payment. Notwithstanding our election to pay any award value, or portion of any award value, in common shares, we reserve the right to change the election at any time until the

payment is actually made and the holder of such award shall not have any right to enforce payment of any portion of the award value in common shares.

Where we elect to settle the award value underlying a bonus award by issuing common shares, and the determination of the number of common shares to be delivered to a holder on a particular payment date would result in the issuance of a fractional common share, we will credit to an account for each holder all fractions of a common share amounting to less than one whole common share issued by us to a holder. From time to time, when the fractional interests in a common share held for the account of a holder are equal to or exceed in the aggregate one additional whole common share, we will cause an additional whole common share to be registered as directed by the holder. No certificates representing a fractional common share shall be delivered pursuant to the award plan nor shall any cash amount be paid at any time in lieu of any such fractional interest.

Early Termination Events

Unless otherwise determined by our board or unless otherwise provided in an incentive award agreement pertaining to a particular bonus award or any written employment or consulting agreement governing a holder's role with us, in the event that a holder ceases to be employed or retained for any reason whatsoever, other than the death or disability of such holder, all outstanding incentive award agreements under which awards have been made to such holder and for the payment date has not yet occurred, shall be terminated and the holder shall only be entitled to receive the award value for the outstanding awards for which the payment date would fall between the date that the holder ceased to be employed or retained and the date that is thirty (30) days from such date. Upon the termination of any employee for cause, our board may, in its sole discretion, determine that all outstanding and unpaid awards shall immediately terminate and become null and void on the date that the holder ceased to be employed or retained. Notwithstanding the foregoing, at no time shall the payment date occur after the expiry date.

Upon the death or disability of a holder prior to the expiry date, the holder or the holder's legal representative shall only be entitled to receive the award value for the outstanding awards for which the payment date would fall between the date of death or disability and the date that is six months from such date.

Other than a transfer of an award to a holder's legal representative on death or disability, the awards granted under the award plan are non-transferrable.

Change of Control

The award plan also provides that vesting of all rights will accelerate on "change of control" which is deemed to occur upon the effective date of the earlier of any of the following events, provided that such event results in an actual change of control:

- a successful "take-over bid" as defined in MI 62-104 or any replacement or successor provisions, which is not exempt from the take-over bid requirements of MI 62-104, pursuant to which the "offeror" as a result of such take-over bid, beneficially owns, directly or indirectly, in excess of 50% of our outstanding common shares;

- the issuance to or acquisition by any person, or group of persons acting in concert, directly or indirectly, including through an arrangement, merger or other form of reorganization of us, of our common shares of which the aggregate total of 50% or more of the then outstanding common shares; and
- the winding-up, dissolution or termination or the sale, lease or transfer of all or substantially all of our directly or indirectly held assets to any other person or persons (other than pursuant to an internal reorganization or in circumstances where our business is continued),

provided that notwithstanding the application of any of the foregoing, a "change of control" shall be deemed to not have occurred:

- pursuant to an arrangement, merger or other form of reorganization of us where the holders of our outstanding voting securities or interests immediately prior to the completion of the reorganization will hold more than 50% of the outstanding voting securities or interests of the continuing entity upon completion of the reorganization; or
- if a majority of our board determines that in substance the arrangement, merger or reorganization is such that a "change of control" should be deemed to not have occurred and any such determination shall be binding and conclusive for all purposes of the award plan.

Amendments

The award plan and any bonus awards granted thereunder may be amended, modified or terminated by our board without Shareholder approval, subject to any required approval of the TSX. Notwithstanding the foregoing, the award plan and any bonus awards granted under the award plan may not be amended without shareholder approval to: (i) extend the expiry date of any outstanding awards; (ii) permit a holder to transfer or assign awards to a new beneficial holder other than in the case of death of the holder; (iii) increase the number of common shares that may be issued to service providers above the restriction in the award plan; (iv) amend the limits on non-management director participation; (v) increase the number of common shares that may be issued to insiders above the restriction contained in the award plan; or (vi) amend the amendment provision. In addition, no amendment to the award plan or bonus awards granted pursuant to the award plan may be made without the consent of the holder, if it adversely alters or impairs any right previously granted to such holder under the award plan.

Stock Option Plan

We have phased out our stock option plan and have not made any grants under the plan since November of 2012. As of March 28, 2018 we had 79,449 stock options outstanding, representing approximately 0.1% of our issued and outstanding common shares. All outstanding stock options have vested and will expire on November 5, 2018.

Employment Contracts

We have employment contracts with each of Messrs. Ratushny, Orton and Wollmann. We do not have any employment contracts with any of our other named NEO's.

In the case of our Chief Executive Officer, the employment contract provides for a payment of twelve (12) months' salary, plus one (1) month for each full or partial year of employment to a maximum of twenty-four (24) months and 20% of this amount to cover loss of any benefit eligibility and an amount equal to one times our Executive Officer's bonus for the prior year preceding the termination date, if our Chief Executive Officer's employment is terminated by us other than for cause. In the event of a change of control (as defined in the employment agreement), our Chief Executive Officer has the right for a period of ninety days following the change of control to terminate his employment agreement and receive the same payment.

In the case of our Chief Operating Officer, the employment contract provides for a payment of four (4) months' salary, plus one (1) month for each full or partial year of employment to a maximum of eighteen (18) months and 20% of this amount to cover loss of any bonus and benefit eligibility if the Chief Operating Officer is terminated by us other than for cause. If the Chief Operating Officer is terminated following a change of control (as defined in the employment contract) by us or by Chief Operating Officer for good reason (as defined in the employment contract), the Chief Operating Officer shall be entitled to the same payment.

In the case of our Senior Vice President, Exploration, the employment contract provides for a payment of six (6) months' salary, plus two (2) months for each full or partial year of employment to a maximum of eighteen (18) months and an amount equal to the average of our Senior Vice President bonus for the prior two years preceding the termination date to cover loss of any bonus and benefit eligibility if the Senior Vice President, Exploration is terminated by us other than for cause. If the Senior Vice President, Exploration is terminated following a change of control (as defined in the employment contract) by us or by the Senior Vice President, Exploration or good reason (as defined in the employment contract), the Senior Vice President, Exploration shall be entitled to the same payment.

Under our bonus award incentive plan, in the event of a change of control (as defined therein) the payment date for the award value of those incentive awards that have not yet been paid as of such time shall be the effective date of the change of control although our board may, in its sole discretion, determine that an award is payable in relation to all or a percentage of the award value covered thereby for all or any awards at any time and from time to time.

The following table sets forth the estimated incremental payments (rounded to the nearest thousand dollars) that would be made to each of our NEOs that were NEOs on December 31, 2017 assuming that a change of control event occurred on December 31, 2017.

Name	Salary (\$)	Option-based Awards ⁽¹⁾ (\$)	Share-based Awards ⁽²⁾ (\$)	Total Incremental Payment (\$)
M. Scott Ratushny	501,500	-	1,758,493	2,259,993

Dale Orton	147,000	-	399,921	546,921
Connie Shevkenek	-	-	258,577	258,577

- (1) The value is calculated upon difference between the exercise price of the stock options and the closing price of our common shares on the TSX on December 29, 2017 of \$5.09.
- (2) The value is calculated based upon the closing price of our common shares on the TSX on December 29, 2017 of \$5.09 and the number of share based awards outstanding. No adjustment has been made for dividends.

Liability Insurance of Directors and Officers

We maintain directors' and officers' liability insurance coverage for losses to us if we are required to reimburse directors and officers, where permitted, and for direct indemnity of directors and officers where corporate reimbursement is not permitted by law. This insurance protects us against liability (including costs), subject to standard policy exclusions, which may be incurred by directors and/or officers acting in such capacity for us. All of our directors and officers are covered by the policy and the amount of insurance applies collectively to all. The annual cost for this insurance in 2017 was \$86,355.

In addition, we have entered into indemnity agreements with each of our directors and officers pursuant to which we have agreed to indemnify such directors and officers from liability arising in connection with the performance of their duties. Such indemnity agreements conform to the provisions of the *Business Corporations Act* (Alberta).

CORPORATE GOVERNANCE

Independence

All of our current directors, other than Mr. Ratushny, are independent. Our board has determined that Messrs. Johnson, Smith, Tisdale and Ms. Sterling are independent since they do not have any current or past business relationship with us other than as independent directors.

Mr. Brussa is Chairman of the law firm Burnet, Duckworth & Palmer LLP who provides legal services to us. Our board has concluded that Mr. Brussa is independent and capable of exercising independent judgment after considering, among other things: (i) that the fees charged by Burnet, Duckworth & Palmer LLP to us is less than 1% of Burnet, Duckworth & Palmers LLP's total income; (ii) Mr. Brussa's equity interest in Burnet, Duckworth & Palmer LLP; (iii) Mr. Brussa's common share ownership position and personal financial circumstances; and (iv) the statutory guidance with respect to the meaning of independence contained in National Instrument 58-101.

Our board of directors has determined that Mr. Ratushny is not independent as he is our President and Chief Executive Officer. Mr. Ratushny is also the Chairman of our board. Although Mr. Ratushny is not independent, after considering, among other things, Mr. Ratushny's equity ownership position and personal financial circumstances, our board is of the view that the board functions independently of management and that the board is organized properly, functions effectively and meets its obligations and responsibilities, including those matters set forth in the mandate of our board.

Our independent directors do not hold regularly scheduled meetings at which non-independent directors and members of management are not in attendance. However, in accordance with the mandate of our board, at the end of or during each regular board and committee meeting, the members of our management who are present at such meeting leave the meeting in order that the independent directors can discuss any necessary matters without management being present. During our most recently completed financial year, our independent directors have held 12 such meetings.

The following directors are presently directors of other issuers that are reporting issuers (or the equivalent):

Name of Director	Name of Other Reporting Issuers
John A. Brussa	Baytex Energy Corp., Crew Energy Inc., Just Energy Group Inc., Leucrotta Exploration Inc., Storm Resources Ltd. and TORC Oil & Gas Ltd.
David D. Johnson	Secure Energy Services Inc. and TORC Oil & Gas Ltd.
M. Scott Ratushny	None
James C. Smith	None
Stephanie Sterling	None
Gregory T. Tisdale	None

They oversee the work of the external auditors, review the appropriateness of significant accounting policies and changes in accounting principles and review our process for testing internal control systems and procedures.

For further information about our Audit Committee and the Audit Committee mandate, please see the Audit Committee section of our Annual Information Form, which is available under our profile on the SEDAR website at www.sedar.com. Corporate Governance & Compensation Committee

The members of the Corporate Governance & Compensation Committee are Mr. John A. Brussa (Chair), Mr. David D. Johnson, Mr. James C. Smith and Mr. Greg Tisdale, all of whom are independent.

The Corporate Governance & Compensation Committee's mandate is to formulate and make recommendations to our board in respect of corporate governance and compensation issues relating to our directors, officers and employees. It is also responsible for recommending suitable candidates to the board to ensure the board remains balanced in terms of skill and experience.

Among other things, the Corporate Governance & Compensation Committee:

- (i) reviews on a periodic basis the mandates of our board and its committees and our Code of Business Conduct and Ethics and recommends to our board such amendments to those documents as the Committee believes are necessary or desirable;
- (ii) prepares and recommends to our board a statement of corporate governance practices to be included in our annual report or information circular if required by any regulatory authority;
- (iii) assesses the effectiveness of our board as a whole, the committees of our board and the contribution of individual directors, including considering the appropriate size of our board; (iv) recommends to our board, on the direction of our Chief Executive Officer, the compensation and benefits package for officers and employees; and
- (v) reviews management's recommendations for proposed incentive compensation plans and equity based plans and making recommendations in respect thereof to our board.

A copy of the mandate of our Corporate Governance & Compensation Committee is available on our website at www.cardinalenergy.ca. See also "*Executive Compensation – Compensation Discussion and Analysis*".

Reserves Committee

The current members of the Reserves Committee are Mr. David D. Johnson (Chair), Mr. M. Scott Ratushny, Ms. Stephanie Sterling and Mr. James C. Smith.

Among other duties, our Reserves Committee is tasked with:

- (i) reviewing our procedures relating to the disclosure of information with respect to its oil and gas activities including reviewing our procedures for providing information to its independent reserves evaluator and our procedures for complying with disclosure requirements and restrictions set forth under applicable regulatory requirements;

- (ii) meeting, as considered necessary, with management and our independent evaluator, to determine whether any restrictions placed by management affect the ability of the evaluator to report without reservation on our reserves data (as defined in applicable securities legislation) and to review the reserves data and the report thereon of the independent evaluator (if such report is provided);
- (iii) reviewing the appointment of the independent evaluator and, in the case of any proposed change to our independent evaluator, determine the reason therefore and whether there have been any disputes with management;
- (iv) recommending to our Board the content and/or filing of the statement of the reserves data and other information that may be prescribed by applicable securities requirements including any reports of the independent engineer and of management in connection therewith; and
- (v) generally, reviewing all matters relating to the preparation and public disclosure of estimates of our reserves and related oil and gas information.

A copy of the mandate of our Reserves Committee is available on our website at www.cardinalenergy.ca.

Position Descriptions

Our board has approved written position descriptions or terms of reference for our Chairman and the Chair of each of the Audit Committee, Corporate Governance & Compensation Committee and the Reserves Committee. The board has developed a written position description for the Chief Executive Officer.

Orientation and Continuing Education

We do not currently have a formal orientation and educational program for new recruits to our board. However, we provide such orientation and education on an informal basis. Our board believes that this is a practical and effective approach in light of our particular circumstances, including our size, the limited turnover of our directors and the experience and expertise of the members of our board.

Directors are encouraged to attend, enrol in or participate in courses and/or seminars dealing with financial literacy, corporate governance and related matters. Each director has the responsibility for ensuring that he maintains the skill and knowledge necessary to meet his or her obligations as a director.

Ethical Business Conduct

Our board has adopted a code of business conduct and ethics, a copy of which is available for review on SEDAR at www.sedar.com. Our officers and directors are required to confirm his or her understanding, acceptance and compliance of the code on an annual basis. Any reports of variance from the code will be reported to our board.

In accordance with the *Business Corporations Act* (Alberta), directors who are party to, or are a director or officer of a person which is a party to, a material contract or material transaction or a proposed material contract or a proposed material transaction with us are required to disclose the nature and extent of their interest and not to vote on any resolution to approve the contract or transaction. In addition, in certain cases, an independent committee of our board may be formed to deliberate on such matters in the absence of the interested party.

Our board has also adopted a whistleblower policy which provides employees with the ability to report, on a confidential and anonymous basis, any violations including (but not limited to), criminal conduct, falsification of financial records or unethical conduct. Our board believes that providing a forum for employees, officers and directors to raise concerns about ethical conduct and treating all complaints with the appropriate level of seriousness foster a culture of ethical conduct.

Board Nominations

Our Corporate Governance & Compensation Committee has the responsibility for establishing a nomination process and making recommendations to our board with respect to nomination of directors. See: "*Board Committees - Corporate Governance & Compensation Committee*" for a summary of the committee's mandate. The Corporate Governance & Compensation Committee is composed entirely of independent directors.

When considering nominations, the committee considers: (i) what competencies and skills the board, as a whole should possess; (ii) the competencies and skills each existing director possesses; (iii) the competencies and skills each proposed nominee will bring to the board; and (iv) whether the new nominee can devote sufficient time and resources to his or her duties as a member of the board.

Directors are selected for their integrity and character, sound and independent business judgement, experience, insight and knowledge of our business and industry and overall business acumen. Each of our directors is expected to have these qualities and to apply sound and reasonable judgement in aiding our board to make thought-out and informed decisions and to counsel our senior management.

Our Corporate Governance & Compensation Committee has established the following "skills matrix" outlining the skills and experience which they believe are required by the members of our board of directors. This skills matrix is reviewed annually by the committee and updated as necessary.

SKILLS MATRIX	
Executive Leadership	Experience as a CEO or equivalent.
Enterprise Risk Assessment	Board or executive experience in evaluating and managing risks in the oil and natural gas business.
Value Creation	Board or executive experience in evaluating, and executing on, value creation opportunities through acquisitions, divestiture, mergers or developmental opportunities.
Health, Safety & Environment	Board or management experience with environmental compliance and workplace health and safety in the oil and gas industry.
Operations	Management experience with oil and natural gas operations.
Reserves and Resource Evaluation	Board experience with, or management responsibility for, oil and natural gas reserve and resource evaluation and reporting.
Compensation and Human Resources	Management experience in human resources and executive compensation.
Accounting & Finance	Financial literacy in reading financial statements, financial accounting and operational accounting experience as well as corporate finance knowledge and experience usually from senior accounting and financial management, audit firm background or banking experience.
Legal, Regulatory and Governmental	Broad understanding of corporate, securities, land tenure and oil and natural gas law, regulatory regimes in Western Canada and governmental royalty, incentive and taxation policies usually through management experience or a legal background.
Corporate Governance	Broad understanding of good corporate governance usually through experience as a board member or as a senior executive officer.

In seeking nominees, the Corporate Governance & Compensation Committee encourages input from all members of our board. Our Corporate Governance & Compensation Committee also maintains a list of potential board members. In establishing this list, the committee considers both the "skills matrix" described above and board diversity.

The committee is also authorized under its charter to retain experts to assist them in finding qualified candidates.

Board Diversity

In response to the capital markets' desire for more clarity and information, our board has adopted a policy regarding board diversity and term length. Our board believes that board nominations should be made on the basis of the skills, knowledge, experience and character of individual candidates and the requirements of the board at the time. We are committed to a meritocracy and believe that considering the broadest group of individuals who have the skills, knowledge, experience and character required to provide the leadership needed to achieve our business objectives, without reference to their age, gender, race, ethnicity or religion, is in our best interests and all of our stakeholders.

We have not adopted any targets with respect to the number of female directors on our board. Our board does not believe it to be in our best interest to implement arbitrary targets in determining the best directors. However, our board is committed to achieving diversity. In 2017, we reported our plans to conduct a search for an appropriate female candidate to add to our board. Our search resulted in us adding an excellent member, Stephanie Sterling, to our board in August of 2017. As a result, we now have one female board member, which represents 16% of our current total board positions.

To ensure the effectiveness of the board diversity policy, the Corporate Governance & Compensation Committee will continue to review the number of women considered or brought forward as potential nominees for board positions when we are looking to add additional members or replace existing members and the skills, knowledge, experience and character of any such women candidates relative to other candidates to ensure that women candidates are being fairly considered relative to other candidates.

Our Corporate Governance & Compensation Committee is authorized under its mandate to retain experts to assist it in fulfilling its responsibilities. To the extent that the committee retains an expert to assist it in "board searches" for qualified candidates, the committee will provide direction to such experts to endeavour to bring forward women candidates for consideration as nominees to the board.

Board Assessment

Our Corporate Governance & Compensation Committee annually assesses our board and its committees. In addition, our Corporate Governance & Compensation Committee reviews the skills and experience of our current directors and assesses the knowledge and character of all nominees to our board of directors to ensure general compliance with the skills matrix approved by the committee. Our board has satisfied itself that the board, its committees and individual directors are performing effectively through this process and our board has determined that the required skills are well represented by the current slate of director nominees for election at the meeting.

We have a formal process of assessing our board and its committees, under the direction of the Corporate Governance & Compensation Committee. This process consists of an annual written director self-assessment completed by all directors.

The following outlines the experience and background of, but not necessarily the technical expertise of, our outside directors based on information provided by such individuals:

Name	Executive Leadership	Enterprise Risk Assessment	Value Creation	Health, Safety & Environment	Operations	Reserves and Resource Evaluation	Compensation and Human Resources	Accounting & Finance	Legal, Regulatory and Governmental	Corporate Governance

Director Term Limits

Our board of directors does not believe that fixed term limits are in our best interests. Our corporate governance & compensation committee considers both the term of service of individual directors, the average term of the board as a whole and turnover of directors over prior three years when proposing a slate of nominees. The committee considers the benefits of regular renewal in the context of the needs of the board at the time and the benefits of the institutional knowledge of the board members.

Succession Planning

Our board receives regular updates on the status of the succession plans and the professional development of our executive officers and senior managers within our organization.

We currently have one woman serving in an executive officer position, which represents 11% of our nine executive officers. We have not adopted any targets with respect to the number of female executives within our organization and we do not specifically consider the level of representation of women in executive officer positions when making executive officer appointments. Our board does not believe it to be in our best interest to implement arbitrary targets in determining the best executives. Consistent with our board diversity policy, our board has determined that executive officer appointments should be made on the basis of the skills, knowledge, experience and character of individual candidates. We are committed to a meritocracy and believe that considering the broadest group of individuals who have the skills, knowledge, experience and character required to provide the leadership needed to achieve our business objectives, without reference to their age, gender, race, ethnicity or religion, is in our best interests and all of our stakeholders.

OWNERSHIP GUIDELINES

Our Board believes it is important that our directors and our senior officers demonstrate their commitment to our stewardship through common share ownership. In 2016, following a review of our executive compensation governance practices, we established an equity ownership policy that non-management directors must have an equity ownership interest in our common shares within three years of joining our board of at least 20,000 common shares. Following the phase-in period, directors are expected to be in continuous compliance with these guidelines.

Our equity ownership policy also extends to our Chief Executive Officer, Chief Financial Officer and all of our other executive officers. In 2017, following a review of our executive compensation governance practices, we established a policy that requires these officers to maintain an equity ownership interest in at least 30,000 common shares within a period of three years from the later of: (a) January 1, 2017, and (b) the date of their appointment. Following the phase-in period, these officers are expected to be in continuous compliance with these guidelines.
